

CONFERENCE PROGRAMME:

WEDNESDAY 17TH NOVEMBER 2010

Time	Plenary Hall	Sir Bobby Robson Suite	Milburn Suite	Club St James Suite	Joe Harvey Suite
08:45 – 09:30	Registration, Tea & Coffee				
09:30 – 10:00	Welcome & Opening Remarks <i>Bryn Baxendale & Lesley Scott</i>				
10:00 – 10:45	Plenary 1 High quality simulation-based research: where and how should we be demonstrating the impact? <i>Doris Østergaard</i>				
10:45 – 11:20	Coffee & Trade				
11:20 – 12:05	Plenary 2 Supporting the development of accomplished facilitation in clinical simulation <i>Della Freeth</i>				
12:05 – 12:15	Room Change				
12:15 – 13:15	Parallel Session A Oral Papers: Work in Progress	A3.1 Neuro-Anaesthesia Simulation Training Course: NeuroSIM	A2.1 Development of a 'Shop-Floor' Simulation Suite Within the Emergency Department	A4.1 Integrating High Fidelity Simulation into Cardiovascular Physiology Teaching for First Year Medical and Dental Undergraduates	A1.1 The Experience of Setting up a National Clinical Simulation Based Training Programme for Stroke
		A3.2 Standardising the Novice Anaesthetic Training Simulation Program for the Peninsula Deanery; Achieving the right blend	A2.2 Preparing Nurses to Care for Major Trauma Patients – The Role of Simulation	A4.2 Simulating Haemorrhage in Medical Students using a Lower Body Negative Pressure Chamber	A1.2 An Inter-Professional Approach to Simulated Learning
		A3.3 The Acutely Unwell Patient: An Online Resource with High-End Video Simulation for the Inter-Professional Dental Team	A2.3 Multi-Disciplinary Mobile Simulation Training on Critical Care - A Deanery Wide Teaching Programme	A4.3 Role of Sim-Man in Teaching Clinical Skills to Preclinical Medical Students	A1.3 Debriefing In Paediatric Simulation: Development of Guidelines and Assessment for Best Practices
		A3.4 Multi-professional Training for Community Dental Team using High-Fidelity Simulation	A2.4 Assessment, Stabilisation, Packaging and Transfer of a Patient. A Simulated Learning Experience	A4.4 The Northumbria Simulated Ward Experience	
13:15 – 14:00	Lunch & Poster Review 13:25 – 13:55 Themed Poster Presentations (A)				
14:00 – 14:55	B2/C2 Showcase The Coroner's Court: a joint MPS & ASPiH / SPOTS docudrama!	B1/C1 Expert Panel The Use of Simulation for Selection of Healthcare Staff	B3 Workshop Setting priorities for healthcare simulation research: a participative workshop	B4 Workshop Foundation Programme Network	B5 Workshop The practical use of non-technical skills for multidisciplinary clinical team training
15:00 – 15:55	Parallel Session C				
15:00 – 15:55	C3 Workshop Effective Curriculum Planning				
15:00 – 15:55	C4 Workshop Evaluation of simulation-based medical education by Foundation Year trainees				
15:00 – 15:55	C5 Workshop Use of simulation in nurse education				
16:00 – 16:30	Coffee & Trade				
16:30 – 17:15	Plenary 3 The Inaugural Laerdal ASPiH Keynote Lecture A brain-friendly way to train healthcare staff <i>Itiel Dror</i>				
					
17:15 – 18:00	Welcome Reception Sponsored by the Studiocode Group				
					

CONFERENCE PROGRAMME:

THURSDAY 18TH NOVEMBER 2010

Time	Plenary Hall	Sir Bobby Robson Suite	Milburn Suite	Club St James Suite	Joe Harvey Suite
08:30 – 09:00	Registration, Tea & Coffee				
09:00 – 09:45	Plenary 4 Portable and mobile simulation: innovation and design <i>Roger Kneebone</i>				
09:45 – 10:30	Plenary 5 Teaching human factors and patient safety in healthcare: video games, simulated practice or the classroom? <i>Pam Kato</i>				
10:30 – 11:00	Coffee & Trade				
11:00 – 11:30	ASPiH AGM				
11:30 – 12:30	D2 Workshop Access to simulation: which model of delivery is best? Simulation Centre vs Local Facility vs Workplace <i>Roger Kneebone & Dimitrios Siassakos</i>	D1 Workshop Teaching human factors and patient safety in healthcare: video games, simulated practice or the classroom? <i>Pam Kato</i>	D3 Workshop Creating Reality – Props, bells and whistles	D4 Workshop Integrating simulation into patient safety training in the NHS: barriers and opportunities	D5 Workshop Problems, pitfalls and possibilities of virtual simulations in Second Life
12:30 – 13:30	Lunch & Poster Review 12:55 – 13:25 Themed Poster Presentations (B)				
13:30 – 14:25	E1 Workshop Standards and quality assurance for simulation-based education	E2 Workshop Pre-registration student nurses evaluation of their reflection and feedback received during/following simulated practice learning session in the university setting	E3 Workshop "Come on in, the water's lovely..."	Oral Research Paper E4.1 Patient Safety Focused Simulation Sessions For Multi-Professional Clinical Teams: A Collaborative Approach E4.2 Prepared for practice? Final Year Medical Student Performance in a Ward Simulation Exercise E4.3 Watching The Facilitator: Theatrical Observations In Instructional Simulation E4.4 Recognition of physical deterioration in mental health patients: the role of simulation	Oral Research Paper E5.1 Development of a Generic Critical Incident Algorithm for use in Anaesthetic Emergencies E5.2 Establishing In-Situ Simulation Training For Multi-Professional Theatre Teams E5.3 Is It Time To Simulate Open Surgery For Training In Cholecystectomy? E5.4 STAT (Stroke and TIA Assessment Training): A simulation-based training programme to improve the emergency response
14:25 – 16:00	Plenary 6 Informing the national strategy for simulation-based education in healthcare: an opportunity to shape the future Sponsored by CETL4HEALTHNE & NE HIEC <i>Stuart Carney</i> Sponsored by:  				
16:00 – 16:30	Closing session: prizes, future plans and strategic developments for ASPiH <i>Bryn Baxendale & Executive Committee</i>				
	Conference Close
